Annual Quality Assurance Report July, 2010- June, 2011

Part A

Plan of Action chalked out by the IQAC in the beginning of the academic year 2010-11 towards quality enhancement :

Quite a number of infrastructural and academic changes were planned at the beginning of the session, keeping in mind the changing needs of the students of both UG and PG levels of the college, as also the emerging trends in the field of higher education in recent times. Here is a comprehensive list of those plans:

A. Infrastructural:

- 1. Construction of Class-rooms on the third floor of the college
- 2. Large-scale extension of the existing hostel buildings
- 3. Expansion of the Library and the adjoining reading room.
- 4. Completion of the construction of a swimming pool and an open-air theatre.

B. Academic:

- 1. Organising UGC sponsored National Level Seminars
- 2. Filling of Vacant posts of teachers
- 3. Appointment of a few part-time teachers as per State Government rules.
- 4. Installation of Inflibnet facility.

C. Administrative:

- 1. Application for the status of centre with potential for excellence.
- 2. Appointment of a few non-teaching members of the staff in the Ashrama pay scale.

Part B

1. Some of the activities for the realization of our goals and objectives:

- a. Regular Weekly Meetings for the members of the staff.
- b. Morning and evening prayers and meditations at the hostels and Yoga and Pranayam teachings for students.
- c. Compulsory involvement of the students and the teachers in community service.
- d. Lectures and seminars on Value Education for students.
- e. Annual "Retreat" programme for the spiritual uplift of the members of the staff.
- f. Organizing programs on important occasions viz. National Youth Day, Communal Harmony Day, Christmas Eve, Fateh-do-haz-Dohaum, Birthdays of the great teachers of the world etc.
- g. Regular classes on Indian Culture and routine examinations on the same.

2. New academic programmes initiated :

None.

3. Innovations in curricular design and transaction:

The status of Autonomy was conferred on us in 2008-09. Consequently, our institution got the opportunity to intervene into the existing curricular design. Accordingly necessary administrative steps were taken to empower our departments (both UG and PG) to revise, streamline and update the respective syllabi to fit into the semester system and bring them at par the courses offered by the other centres of excellence in India and Abroad.

4. Interdisciplinary programmes started :

No new interdisciplinary programme has been started as such during this period. But all the departments of the college collaborate with each other throughout the year, to cater to the needs of the students. For example, the department of History organises regular lectures on literary topics by faculty members from the department of English. Right from its inception, the department of Computer Science has been incessantly helping the various departments with their technical expertise.

5. Examination reforms implemented:

Initially, we had plans to introduce the semester system at both UG and PG levels in 2009-10. But we were requested by the affiliating University to continue with the existing system for one more year. Consequently in the following year we shifted completely to the semester pattern. It has been functioning successfully since then.

6. Candidates qualified : NET/SLET/GATE etc :

Most of the examinations referred to here are taken by our students after passing the Post Graduation exams. So, we are not in a position to furnish the complete figures in this regard. But analysis of the data available clearly shows that the success-rate of our students in these exams is quite enviable:

Period	Exams	Chemistry	Physics	History
2010-11	NET	16	6	1
	GATE	-	3	-
	SET	-	-	3
	JEST	_	3	-

7. Initiative towards Faculty development programmes :
